AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipt and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Indebtedness, Valuation and Taxes:

Table I presents a ten year statement of Indebtedness, Valuation and Taxes. It will be noted that during the period from 1946 to 1956, the financial condition changed from a Surplus of \$5,347.28 to a Net Debt of \$27,068.68.

During the same period the assessed valuation of taxable property increased by \$488,824.00, from \$1,130,576.00 to \$1,619,400.00, representing a percentage increase of 43%. The amount of the annual tax levy increased from \$35,613.14 to \$103,641.60, or 191%. The local tax rate increased from \$3.15 to \$6.40 per hundred as compared to the average tax rate for the State which increased from \$3.47 to \$4.83 during this period.

Current Deficit:

It is noted that the current deficit (excess of current liabilities over total assets) increased from \$485.97 to \$5,568.68 during 1956, as shown herewith:

	Dec. 31, '55	Dec. 31, 1956
<i>Current Liabilities</i>	\$41,837.79	\$41,940.24
<i>Total Assets</i>	41,351.82	36,371.56
	<hr/>	<hr/>
<i>Current Deficit</i>	\$ 485.97	\$ 5,568.68

Tax Collector:

The Tax Collector should adopt the use of the loose leaf columnar Cash Book which provides for the segregation of the different types of taxes collected (Property, Poll, Head and Yield Taxes), as well as redemptions from tax sales by years of levy. All tax collections should be first entered in the Cash Book and posted from there to the Warrant Book. Reports to the Treasurer accompanying remittances should be made on the basis of Cash Book totals between remittance dates.

Town Clerk:

In cases of transfers of motor vehicles the transfer fee of fifty cents should be remitted to the Town Treasurer in addition to the amount of the permit fee. The amount of the permit fee should represent the difference between the actual amount of the permit being issued and the highest amount of any previous permit issued during the year, exclusive of the 50 cent transfer fees.

The following example is used as an illustration:

	Amount of Permit	Transfer Credit	Amount Due for Permit	Transfer Fee	Total Amount to be Paid
1st Permit	\$30.00	\$ 0.00	\$30.00	\$ 0.00	\$30.00
2nd Permit	10.00	30.00	0.00	.50	.50
3rd Permit	30.40	30.00	.40	.50	.90
4th Permit	40.00	30.40	9.60	.50	10.10

Conclusion:

The provisions of Chapter 184 of the Laws of 1955 require that the summary of findings and recommendations of this report (letter of transmittal) shall be published in the next annual report of the Town. The inclusion of Exhibits in the published report is optional with the Board of Selectmen.

We extend our thanks to the officials of the Town of Rindge for their assistance during the course of the audit.

Yours very truly,

REPORT OF THE TRUSTEES OF INGALLS MEMORIAL LIBRARY

The report of the Trustees should concern itself properly with the finances, maintenance, and general condition of your library. Circulation, new volumes added, contributions, etc. are explained very capably by Mrs. Gray in her "Librarian's Report".

However, your Trustees would like to say that they are very gratified that the people of Rindge have used the library facilities more this past year than ever before. They urge all the Townspeople who have not been using the library to visit it, so that they may see the excellent selection of volumes it contains, both in fiction and non-fiction. Mrs. Gray, who has been most competent and cooperative in fulfilling her duties as Librarian, will be more than happy to help everyone select books according to his or her individual taste.

The finances of the library are in very sound condition as the following report indicates. Most of the report is self-explanatory but some comment might be helpful concerning the unexpended balance which is shown as "Cash in bank".

In the latter part of 1956 your Trustees of Trust Funds in agreement with your Library Trustees took the principal in the Mary L. Ware fund together with the proceeds from the Series G bonds in the "Unknown" account and purchased 54 shares of American Telephone and Telegraph Company common stock. Shortly after this purchase the company issued rights which when sold returned \$378.00 to the library. This amount increased our balance to give us a sizable "Cash on hand" balance to start the year 1957. During the year 1957 some of this was used to buy many new books, but a large part of it — represented by the unexpended balance in the following report — was held back to take care of the painting of the building which must be done in 1958, and also to meet the premiums on the insurance which come due every third year, 1958 being the year.

The Trustees would like to express their appreciation of Mrs. Gray's continuing interest in our library, of Mr. Crowell's devoted care of the building, and of the kindness shown by many people in contributing books and periodicals to the library.

During 1957, the Ingalls Memorial Library received several notable gifts.

As a memorial to the late Mr. Harris Rice, Mrs. Rice and his family presented a beautiful bound set of Rindge Town and School Reports dating from 1847 to the present time. This is indeed a valuable addition to our library.

Mrs. Richard R. Smith donated the late Mr. Smith's private library. In this collection were many fine books which added much to the resources of the Reference Department.

Mrs. Carolyn Brown gave most generously from the library of her father, the late Rev. George Allen. In particular, this collection contained some very useful books on Nature, Astronomy and other sciences.

The following are names of friends who have been generous in their gifts of money, books and magazine subscriptions:

Mrs. Arthur Allen, Prof. and Mrs. Douglas Adams, Mr. B. B. Barr, Mrs. Edward Brummer, Mrs. Emma Brodmerkel, Mrs. Earl Brodmerkel, Mrs. John Crosby, Mr. and Mrs. Raymond Ford, Miss Shirley Gray, Mrs. Fred Howard, Mrs. George Jacques, Mrs. David Jewell, Mrs. Robert Kennedy, Mr. Walter Lovell, Miss Alice Morgan, Mr. Samuel Melville, Mr. and Mrs. Arthur Oliver, Mrs. Ralph Pangborn, Mrs. John Phillips, Miss Lila Jo Phillips, Miss Marcia Richardson, Mr. Harry Sherwin, Mrs. John Sherwin, Dr. Harry R. Tosdal, Mrs. George Todd, Miss Della Whippie, Miss Marilyn White, Dr. Marion Wilder, Mrs. Robert Whitney.

Several young people have contributed to the Childrens' Department. These were William Allen, Jr., Miss Florence French, Fred Hale, Miss Elizabeth Pangborn, Miss Annette Peabody, Miss Susanna Tacy and Miss Sylvia White.

The year 1957 closed with a satisfactory record of service. The total circulation increased and more people have used the library not only to borrow books and magazines but for research work and study.

The children have taken full advantage of their privilege to visit the library during school hours, and their enthusiasm has increased as more books have been made available to them.

The trustees and librarian regret that Mr. Harry Sherwin's ill health has prevented him from taking his usual active part in the administration of the library program.

To the trustees, Mr. Herbert Crowell, Mrs. David Jewell, and to all the friends of the library, I wish to extend my appreciation and my thanks for their helpfulness.

Respectfully submitted,

CARRIE S. GRAY

The teaching staff remained the same with the exception of the following: Mrs. Clyde Lavine resigned at the end of the school year. She was replaced by Mrs. Dorothy Ann Ilg as teacher of Grade 1 and Mrs. Ilg's position was filled by Mrs. Martha Hale as teacher of Grades 2 and 3. Mr. Miller resigned as Art Supervisor and was replaced by Mr. Frank P. Petronzio.

B. PROGRAM AND METHODS

In reporting of her work with the first grade children Mrs. Ilg says: "The curriculum in our first grade is much the same as in any first grade in the U.S.A., although its presentation may be different. The purpose of the method of presentation is to find and meet the needs of the individual child by nurturing old interests and introducing new and worthwhile ones, by allowing for exploratory behavior and by stimulating curiosity, self-exploration, self-expression, and self-discovery.

The reason behind this method of presentation reflects the teacher's belief that:

1. Children love to learn when they are physically and mentally ready, and when they are truly interested.
2. Education is not a preparation for life, but is life itself. Therefore its enjoyment is all important."

Mrs. Hale, who took a very fine developmental reading course with Dr. Driscoll at Fitchburg Teachers College this summer, reports that her emphasis has been in reading and language. She reports, "I am greatly concerned first with trying to prevent difficulties and second recognizing them when they occur so they can be corrected as soon as possible."

In this connection Mr. Filbin, the Helping Teacher, has tested and helped to classify those children who have encountered reading difficulties in order that they may be taught in a way which would help them overcome their difficulties. This testing program has been school-wide.

Mrs. Jaques, who teaches fifth and sixth grades, reports some interesting activities with regard to the teaching of Social Studies. She says, "In their Social Studies pupils in Grade four are learning how people work in various parts of the world. A field trip was made to Jaffrey Mills this year to see how weaving is done in a large mill of this type."

Mrs. Jaques is also conducting special reading classes for those children of the 4th, 5th, and 6th grades screened by Mr. Filbin.

Mr. Shea, principal and teacher of Grades five and six, summarizes the activities program in his report. He says, "The faculty realizes the importance of the total development of boys and girls. This means that activities in addition to the skill subjects are included in the school program. It is through these activities that we have an opportunity to see personality and character development in the process. This type of activity is being conducted at all levels of the school program. A few of the activities are as follows:

Assemblies

Clubs

Publications

Social Activities

Field Trips

Athletics

PART VI. AUXILIARY ACTIVITIES AND SPECIAL REPORTS

A. HEALTH**GENERAL HEALTH**

The general health of Rindge pupils has been relatively good. There were reported 26 cases chicken pox and 3 cases German measles last year. Other cases of colds or stomach — intestinal upsets made it necessary to get 24 pupils transported home from school during school hours.

EXAMINATIONS AND INSPECTIONS

Dr. Franklin Sterling was reappointed school physician by the Rindge School Board. He examines the pupils in the odd numbered grades each year and notifies parents to get necessary treatment from their own physicians, oculists or dentists. He also initiates necessary immunization programs and recommends school health policies.

The school nurse checks all the pupils for vision and hearing together with a general check up for obvious correctable conditions. She recommends follow up by the parents where needed. This is being done by mail with much more satisfactory results.

DENTAL CLINIC

A Dental Clinic, sponsored by special money appropriated for this work at the annual school meeting, was conducted with this limited budget. It enabled 24 pupils who could not receive complete dental corrections any other way to be done. This paid for 7 half days with 42 visits, 14 cleanings, 12 X-rays, 85 fillings, and 20 extractions. Dr. Raymond Moore did the work in his office in Jaffrey and the pupils were transported to and from Jaffrey by the school nurse. There were still many pupils on the waiting list when the money was spent. The order of preference is established with the help of all the teachers beginning in the lower grades and working up.

GLASSES

Those pupils who needed glasses and were unable to afford them were helped by special funds, both State and local, including the Jaffrey Community League. The pupils who were fitted showed marked improvement in their school work.

SALK POLIO VACCINE

Most of the Rindge pupils have now had their three Salk polio vaccine shots. Dr. Sterling gave 193 shots during the year. A few pupils still need the remaining shots in the series. Opportunity for this will be arranged at an early date.

PRE-SCHOOL REGISTRATION

In early June the annual pre-school examination and registration was arranged, when 12 pupils (about half) were registered. At this time entering pupils were given an opportunity of visiting in their school room for a day, eating in the lunchroom, riding in the school bus, and meeting their future teachers. It enables health histories to be taken, birth certificates noted, record systems to be set up, classroom needs and school bus schedules to be set up. All registered children are checked for possible summer corrections of defects, and an opportunity provided for these new pupils to become familiar with the school, while their parents are acquainted with school facilities, regulations, administrative personnel, and school calendar. The chief benefits are less fear and confusion in the fall for these little people.

MEETINGS AND CONFERENCES

Professional meetings, conferences and workshops took seven days' time, several of these on Saturdays. Places of meetings were Peterborough, Manchester, Keene, Concord, Crotched Mountain, and Jaffrey.

ROLAND C. GODDARD

Town Clerk

FOREST FIRE PREVENTION IS EVERYBODY'S BUSINESS

New Hampshire faces a continuing challenge in its forest fire problem — 97 percent of all our forest fires being man-caused and preventable — a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to meet effectively the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Carelessness and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles, by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations, illegal burning, improperly extinguished debris, camp and cook fires — all result in serious loss of property, disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and co-operative effort. The rules are simple.

1. Don't burn at home — use your town dump and avoid all fire problems.

2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.

3. Be sure that all lighted material — cigars, cigarettes and matches are completely out before discarding them. Use ash trays in automobiles.

4. Make certain that your debris, camp and cook fires are completely out before leaving them.

5. Insist that others be careful and comply with burning requirements.

6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER — the fire you prevent might be the one which could burn YOUR property.

REMEMBER — FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS and our MOST IMPORTANT UNDERTAKING.
